

We're Hiring ASP.NET Core Developers

Are you a passionate and skilled ASP.NET Core Developer looking for your next challenge? We're looking for four motivated professionals to join our dynamic team! If you're excited about building high-quality web applications and solving complex problems, we want to hear from you.

Location: Uttara, Dhaka.

Type: Full-time

Vacancy: 4

Remuneration: Negotiable

Key Responsibilities

- Design, develop, and maintain scalable, secure, and maintainable web applications using ASP.NET Core and related technologies.
- Collaborate with cross-functional teams to identify requirements and deliver robust technical solutions.
- Conduct code reviews and provide valuable feedback to ensure code quality and best practices.
- Develop and maintain technical documentation, including design specifications and test cases.
- Stay updated with the latest development trends, tools, and best practices in the industry.

Required Qualifications

- Bachelor's or Master's degree in Computer Science or a related field.
- 1-3 years of hands-on experience in software development with ASP.NET Core in a professional setting.
