🚀 **We're Hiring Flutter Intern Opportunity at CSM Bangladesh Limited**

Location: Uttara, Dhaka, Bangladesh (On-site/Hybrid)
Type: Full-time Internship (3–6 Months)
Start Date: Immediate
Career Path: Fast-track to Junior Software Engineer based on performance
Vacancy: 2
Remuneration: Negotiable

🎯 **Who We're Looking For?**
We are seeking a passionate Flutter Intern who is ready to turn academic knowledge into professional skill. This is not just a learning role — you will contribute directly to production-ready applications.

You should be:
➡️ A final year / final semester student or a fresh graduate in CSE or a related field
➡️ Strong in programming fundamentals and problem-solving
➡️ Eager to explore trendy and modern UI/UX patterns
➡️ Serious about writing clean, maintainable code

🛠️ **Technical Requirements**
➡️ Solid knowledge of Flutter & Dart
➡️ Strong foundation in Bloc/Cubit state management
➡️ Good understanding of Clean Architecture principles
➡️ Experience working with REST APIs
➡️ Familiar with Google-based services such as Google Maps and Push Notifications (FCM)
➡️ Able to set up Flutter SDK and development environment independently
➡️ Comfortable using Git for version control
➡️ Have 2–3 Flutter projects to showcase (GitHub or live apps)

🧩 Key Responsibilities
✅ Develop and maintain high-quality Flutter applications
✅ Convert Figma/XD designs into pixel-perfect, responsive UI
✅ Integrate REST APIs and third-party services
✅ Apply clean architecture and Bloc in real features
✅ Write clean, readable, and testable code
✅ Collaborate with team members through Git and code reviews

🤝 Soft Skills & Ethics
✅ Strong learning mindset and curiosity about new tech
✅ Good communication and teamwork skills
✅ Professional behaviour, discipline, and work ethics
✅ Well-organized and responsible in daily tasks

🎁 What We Offer
● Hands-on experience with real production projects
● Mentorship from experienced Flutter developers
● Friendly, collaborative, and growth-focused environment
● Competitive stipend
● Opportunity to extend internship tenure
● High performers will be promoted to Junior Software Engineer

📩 How to Apply
Send your Resume, GitHub/Portfolio link, and a short cover letter to:
📧 hr@csmbangladesh.com with Subject: **"Flutter Intern January 2026 Application"**.
In your cover letter, briefly mention your experience with Bloc and Clean Architecture.

Application Deadline: 14 January 2026

If you're ready to make a real-world difference, we're ready for your application. Let's build the next big thing together.🤝
